

## NSW COBRA CAR CLUB

### KIAMA RUN

SUNDAY 7<sup>TH</sup> OCTOBER 2007

This little run to Kiama turned out to be a 'goody'. It was a last minute, loosely organised run due to a change in the Calendar from 'Go-Karts' which will be rescheduled next year.

After the Nats the previous weekend and the clash with the 'Bathurst' race, understandably most people opted 'out'. Well, silly billies you missed a good day !!

Marg changed 'Miss Violet' out of her racing clobber into her street clothes and shoes. Well, after all 'Miss Violet' is a *GIRL* and she just couldn't wear her racing 'shoes' on the street. The roll-bar outfit was just tooo 'icky' too.....The other cars on Sunday were *BOY* cars, - one outfit - one pair of 'shoes' and they wear 'em everywhere !!

We took off from the Caltex at Heathcote and wandered on down to Mt Ousley where we picked up Tracey and Phil and Audley Lloyd. We then took a call from Kym and Deb in their yellow GT40 who had become stuck in heavy traffic on their way from Gordon and couldn't meet us at Heathcote – luckily we were able to stop and wait at Mt Ousley.

All together now..... We ended up in Kiama and bought fish and chips at the wharf and took them back closer to the cars and had a slap up lunch – it was lovely!! Phil found me a spot to sit close to Tracey, which was underneath a sign post – when I looked up I saw a seagull perched on top of the sign positioned properly to 'poop' !!! Not today 'Philly'

The local constabulary visited, had a good look at the cars and then very kindly informed us that if we wanted to go over yonder we could see some whales. Thank you we will. Well, we nearly saw a whale, ..... we nearly saw TWO whales !!

I'm not sure if Audie invited us, or *we* invited *us*, but nevertheless we ended up going back to Audie's at Shell Cove for coffee, chatter and a glimpse of 'the race'. After we ate all of his biscuits (the yummy ones) and drank his coffee and watched his TV, we thought we should head for home. Thanks for the hospitality Audie, hope we didn't upset too many neighbours kicking over the engines all at the one time !

Turned out to be a good day. Thanks to all. That's it for now

Regards

Kerry

Lunch spot

Whale watchers!!!
