

## 26<sup>th</sup> January Australia Day Picnic at Bayview

After an exhausting week of hot humid conditions, the weather god was very kind to us all and we had a cloudy pleasant day although misty rain fell as we were leaving.

Norm & Kim, Barry & Joan & ourselves left early to hold a spot, but we were piped at the post by Peter & Louise who secured the best table in the grounds. Thank you!

19 Cobras and approximately 6 other vehicles & families arrived to share in the spirit of Australia Day. Every one arrived with their picnic chairs; lunch & some even managed folding tables & eskys. It's amazing what you can fit into a Cobra boot!!!

After morning coffee, meeting & greeting old friends & for us many new ones, the games began!!!

The *ladies sack race* was dominated by the young Ebony & a wrestling match between Tracey & Margaret. GO GIRLS!!!!

The *men's sack race* was much tamer with serious competition, the winner Ray

Then the pairs lined up for *the three-legged race*, again more laughter & cheers. I'm sorry I don't know who won; I was too busy trying not to fall over.

Our good friend Kerry suggested a new event was this year:  
*The Toilet Roll & Holder Race*

**This had to be seen to be believed!!!!**

Many "*new friends*" were made I'm not sure who had more fun the competitors or the sideline spectators. The game gave a new appreciation to life's difficulties; the pictures would be worth a thousand words!!!

After all the hard work we took time out for lunch & chatting. The young girls were keen for *Thong Throwing* so after some practice they took on the ladies & we all had a lot of fun.

Thanks to the club members for supporting this Wonderful Day
